

West Sound

UTILITY

DISTRICT

Contract Title: Kerry Lane Water Main

Description:

Kitsap County is constructing a new stormwater culvert to solve the Converse neighborhood flooding. West Sound Utility District extended its Kerry Lane Water Main 457 feet in preparation of the County project. Five homes had their private service line in the County construction path. The District's project provided a new fire hydrant of the neighborhood and placed water meters along the property line of these five homes. This allowed the home owner to connect to the new meter if they so desired.

Contractor:

Lydel Construction from Poulsbo

Contract Cost:

\$18,760.40 plus State sales tax.

There were no change orders
